

Q5

3. In your individual situation: what do you think about the virus spread?

- A. If I am careful as government edict states I will have much less chance of getting sick.
- B. I am going to continue to do all of the social interactions I did before and will take a chance I won't get sick.
- C. I think if I am careful when I go out to do regular activities and perform my job I won't become sick.
- D. I am staying at home at this time no matter what. Only going out for groceries and essential items.
- E. No Opinion
